MAPLE LAKE'S 46TH ANNUAL St. Patrick's Day Parade

GRAND MARSHALS

Scott and Cathy Elfstrand have been involved in the Maple Lake Community for years as both business owners and volunteers. Cathy comes from a family of businessmen that includes her dad Bob James who opened the first bakery in town, and her brother Jerry who operated an accounting firm here. She and Scott followed in their footsteps when they purchased the Video Closet. In 1995, they were on the committee that started the first After Prom Party for which Scott built numerous life size games that are still in use today.

Scott was on the Maple Lake Housing and Redevelopment Authority where he served as president. He was involved with the Maple Lake Youth hockey Program helping to coach and making and cleaning the Maple Lake ice rink. At that time, there were about 200 kids in the youth hockey program. He was the President of the Maple Lake Youth Hockey Association and negotiated with Maple Lake and Annandale high schools to create the Annandale/Maple Lake Lightning High School hockey team. He helped organize the Ramsey Lake Property Owners Association and is currently the treasurer.

Cathy was chairperson of the Maple Lake Bloodmobile for 34 years, was on the Board of the WCCA in Maple Lake and is currently on the Wright County Mental Health Advisory Council. She is active in the Maple Lake Chamber, serving as secretary for 12 years and chairing the Christmas in Maple Lake event for 11 years always having Scott there to help.

Cathy is still working after 42 years as the Apartment Manager for Maple Manor Senior Housing and is not

ready to retire yet. She has always had a wonderful Board of Directors consisting of Maple Lake business owners and people who care. Scott retired in 2021 after working for 44 years as a salesperson for the Buffalo Napa store. He continues to volunteer at the Manor whenever needed.

MP Nexlevel celebrates 50th anniversary

Contributed report

MP Nexlevel, LLC one of the local companies with a float in this year's Grand Day Parade, is celebrating its 50-year anniversary in 2023. Founded in 1973, with a backhoe and dump truck, MP provided excavating services locally in Minnesota. Shortly after its creation, MP quickly earned a reputation as the company that "gets the job done." It was this reputation that led to opportunities with major telephone companies, which opened the door to providing expanded utility construction services. The first projects led to extended contracts, which led to the expansion of the company into a multi-million-dollar, full service, utility contracting operation.

In 1999, in response to industry pressures for consolidation and an increased national presence, the original partners agreed to sell MP and become part of a national communication contracting company. After five years and many industry changes, MP was purchased back by Larry Pribyl and Tim Pribyl, an original founder, and the long time General Manager. In 2006, as the expansion of the business continued, Rob Pribyl took the position of Vice-President of Operations and partial ownership of the company. In March of 2018, the company ownership was sold to APi Group and Rob currently serves as the company President.

Today, MP services three main markets, building and maintaining the infrastructure for Communication Power and Gas. Its area of operation now covers 35 states with 1,400+ valued and highly trained employees. MP is an active member in over 60 trade associations, and its technicians place more than 22,000 miles of cable, wire, and pipe per year.

Freedom Flight Hot Air Balloon

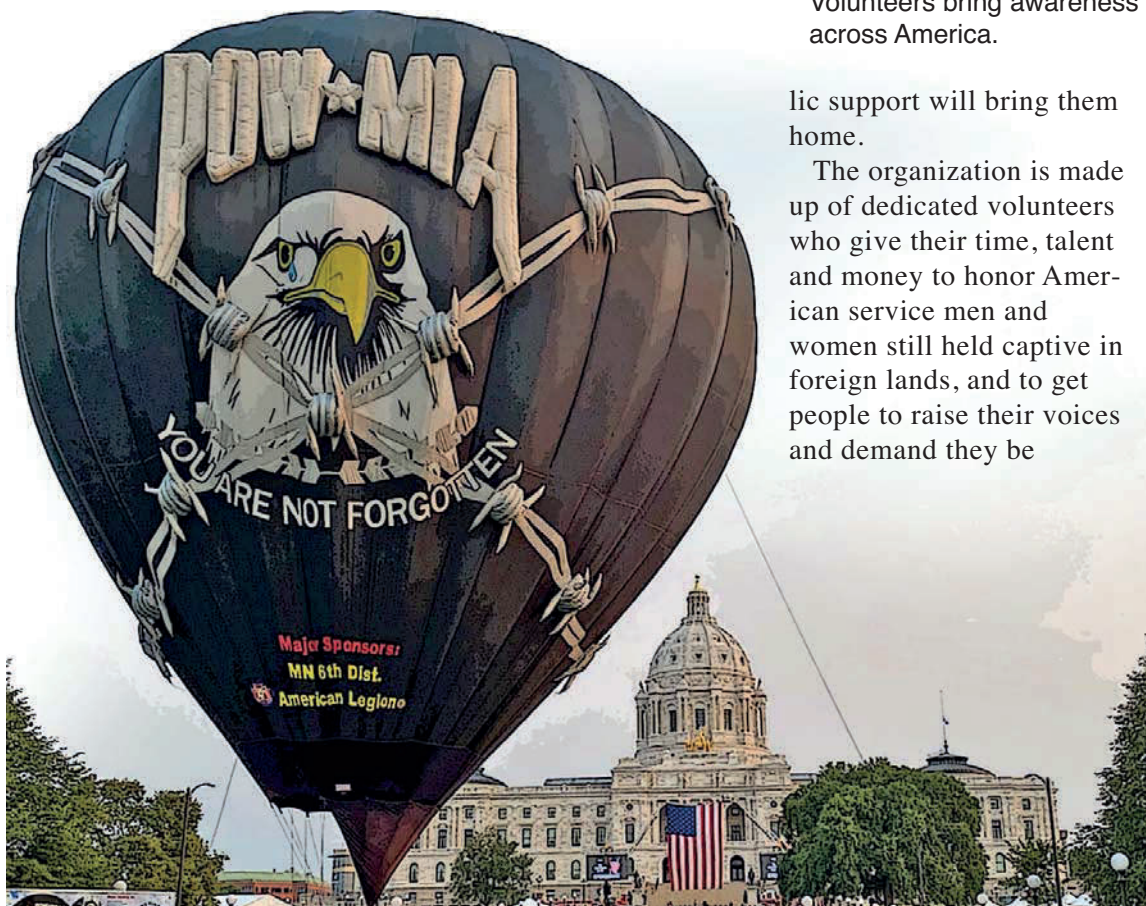

POA/MIA Balloon team attending St. Patrick's Day Parade!

Freedom Flight, Inc. will bring attention to the POW/MIA issue at this year's parade with their hot air balloon basket. Based out of St. Cloud, Freedom Flight attends parades and flies their balloons at events across America and the world to elevate awareness of those still missing in action or prisoners of war.

The idea of Freedom Flight, Inc. was conceived in 1988 by co-founders, Dr. Jim Tuorila, Ph.D. and Bill Nohner who felt that a hot air balloon would be a good means of gaining media attention. It is meant for publicizing the fact that Americans have been reported to still be alive in foreign countries and that only a ground swell of pub-

Volunteers bring awareness to POW's still missing with the Freedom Flight balloon at many events across America.

lic support will bring them home.

The organization is made up of dedicated volunteers who give their time, talent and money to honor American service men and women still held captive in foreign lands, and to get people to raise their voices and demand they be

brought home. Their POW/MIA hot air balloons can be seen flying at balloon rallies, city festivals, veterans' functions, community parades, dedications, patriotic celebra-

tions and ceremonies.

Organizers feel that a Freedom Flight Balloon serves as a high impact, visual message in promoting the POW/MIA issue.
